

March 1-4, 2021

RECORDED PRESENTER INFORMATION

There are a number of options to prerecord your oral presentation for the WSWs/WAPMS 2021 Virtual Meeting. The final format needs to be an MP4 and no larger than 200mb.

One option is to record a voiced over PowerPoint. Instructions are available from Microsoft at <https://support.microsoft.com/en-us/How%20to%20do%20Voiceover%20PowerPoint?office/record-a-slide-show-with-narration-and-slide-timings-0b9502c6-5f6c-40ae-b1e7-e47d8741161c>

Another option is to record your presentation on Zoom or a similar application.

Preparing to Record

Familiarize yourself with the technology.

Set yourself up for success by identifying a place that will be best for recording.

An ideal space will be:

Quiet enough to record with minimal interruptions

Natural lighting or the ability to control lighting. Front lighting is best; avoid back lighting

Have space to set up and record at eye level

Recorded presentations for WSWs/WAPMS 2021 are due on February 8, 2021; upload to <http://weedscimeetingabstracts.com/>.
