**Officer or Chairperson Name:** Tim Prather

**Date of Preparation (include year):** March 7 2013

**Committee Activities during the Year:**

Unfortunately I have not gotten the committee together since I submitted a report in the summer. I am going to call a meeting at WSWS with whomever can attend on Monday.

**Potential Items for Discussion:**

- a. Completing Online lessons for mode of action
- b. Utilizing the WSWS web site for education: determining topics to focus our efforts towards.
- c. Interface between Education Committee and Short Course

**Recommendations for Board Action:**

If there are vacancies for the education committee, John Vickery [Jvickery@mcg.net] has expressed interest in joining the committee.

Here is the short introduction he sent me:

I've been a member of WSWS for about three years and thought I should try to be more active or participatory. I looked over the committee listings and think your committee is probably the most apt.

I currently work for a local government in land management of open space lands—mostly weed management, but education was my first career.

Of late, I've been active with the Education and Outreach Committee of the Colorado Native Plant Society and the (former) Native Plant Committee of the Colorado Weed Management Association.
