

2021 Annual Meeting – Virtual

Office or Committee Name: Student Liaison

Officer or Chairperson Name: Mirella Ortiz

Date of Preparation (include year): February 23, 2021

Activities during the year:

Activities increased as the annual meeting got closer. I sent out several e-mails to all WSWS and WAPMS attendees asking for their support for the Student Night Out and donations for the Student Silent Auction. Created a crowdfunding website for monetary donations.

For the Student Night Out we will have one zoom link that will be divided into different breakout rooms with several professionals in each room. Each breakout room will have a different theme; academia, industry, government, and students can move between breakout rooms. Only 8 professionals volunteered to participate.

The Student Silent Auction will happen in a Google forms format where everyone can see the highest bid of each item. The item donor is responsible for shipping the item to the winner.

I also communicated with students registered for the meeting about the live presentation format, sent out a score sheet example and encouraged them to get involved in the society.

Recommendations for Board Action: Reinforce to the professional members the importance of participating in the student night out.

Budget Needs: None

Name of Person Preparing This Report: Mirella Ortiz and Jodie Crose
